Bring nature into your classroom with a fun and educational program from Wild Spirit. Our programs are designed to not only educate, but to spark the interests of your students. With a hands-on approach to nature education, our Naturalists are trained to get the students involved in the lessons.

Our programs can be tailored to your needs. We are flexible in our presentations to allow for a better learning experience. From pre-k to seniors, we have programs that will be enjoyed by any age group.

Our talented and experienced staff and

volunteers are extremely knowledgeable about the natural world. We can design a program to fit your needs if you are looking for a topic that is not listed in this brochure.

New programs are always being designed and added. For a complete and up-to-date listing of programs as well as a thorough description of our programs, please visit our website at [www.wildspirit.org](http://www.wildspirit.org).

## Programs

Outreach programs can be tailored to fit the needs of any age group, from preschool children to seniors. Groups of 20-30 individuals make for the best programs, many of which include hands-on activities. Groups of more than 30 participants can be accommodated with an auditorium presentation. (Topic dependent) Programs usually last from 45 minutes to an hour, but are flexible.

If you can't find a topic or program that meets your needs, please give us a call. The naturalists at Wild Spirit Education are very knowledgeable in nature topics and can design a program that meets your curriculum needs.

Powerpoint presentations on a variety of topics are also available for adult groups. Topics include...

- Attracting Birds to Your Backyard
- Creating a Backyard Habitat for Wildlife
- Shade Gardening
- Winter Wildlife
- Tracking
- Dying to Help the Environment
